PA Officer: Lt. Col. Jerry Lobb  
Editor: Mr. Gene H. Hughes  
Writer: Tech. Sgt. Jay Ponder

# Don't neglect your PME

**P**rofessional Military Education (PME) – the dreaded words that make grown men cry and cowboys shake in their boots! But really, is it all that bad? Whether enlisted or an officer, we raised our hands swearing to defend the constitution against all enemies, foreign and domestic. We have pledged ourselves to something bigger than ourselves individually. We have taken up the Profession of Arms, where we propagate our nation's wars like the world has not seen.

To be a professional Airman, we must strive to learn how to bring the might of the nation to bear on our enemies. This is where PME comes into play. Our enlisted force learn how do to their Air Force Specialty Code by following the Career Field Education and Training Plan. They start by going to technical school and receiving their 3 skill level. From the 3 level, they go on and receive more training at 5, 7, and finally 9 skill level. This is just to learn their Air Force job. Now we broaden the

horizons of our enlisted by adding Airman Leadership Development as staff sergeants, Non-Commissioned Officer Academy and Senior Non-Commissioned Officer Academy as technical and master sergeants. Since we have been working side-by-side with our sister services, they have added Joint Non-Commissioned Officer Academy.

MAJ. GEORGE HILYARD  
SGO, 908th AES

Always make sure as an enlisted Airman that you have completed all of your PME. That way, you will be controlling your own destiny when a promotion opens up. It just might come down to who has PME and who doesn't!

The officer corps also has PME to broaden its horizons. Captains start off with Squadron Officers School. Majors have to take Air Command and Staff College to make lieutenant colonel, and in turn, must finish Air War College to make colonel. Of course, let's not forget Joint PME so we can work better with our sister services.

To keep the Air Force strong for the future, get your PME accomplished! No PME – No Promotion!

## A MOMENT WITH THE CHAPLAIN

MASTER SGT. KELVIN KING

Take time to do something that's worthwhile for you. Often, we spend so much time and energy working on projects and taking care of others that we forget to take time out for ourselves. It's like leaving your smartphone unplugged for too long and continuing to talk and text.

Sooner or later you will need to recharge. The human body seems work the same way. You need to get the proper rest to be "Fit to fight." If you don't take time to recharge, you will be lucky to last one round of what life can bring your way.

Recharge by taking the time to enjoy a hobby, go on a weekend get-away with family, or watch the movie that you have been waiting to see. You may even want to go fishing or enjoy some other outdoor hobbies.

Do something to recharge, so you will be more productive and not as cranky. Not getting enough rest will run you down in a hurry.

Also keep in mind that a proper diet and exercise will keep you balanced. Eating right and exercising will equip you better and prepare you physically as well as mentally for life's challenges. Be sure to recharge spiritually as well.

Sometimes we neglect that we are spiritual beings who need some time of reflection and prayer or meditation. You will feel better and look better. I must say, that's a good trade off, to be perfectly frank.

A travel voucher workshop will take place Saturday of the May Unit Training Assembly.

# FM schedules workshop

By Debbie Smith  
908th FM

Maxwell's active duty Financial Servicing Office will assist with Reserve Travel System travel vouchers on Saturday during the upcoming May Unit Training Assembly, from 1-3 p.m., in the CES training room.

If you need assistance, please bring your orders and all receipts with a copy of the travel voucher, DD Form 1351-2, and the Reserve TDY Checklist so we can assist with any questions. You can also inquire on any vouchers you have already turned in for processing. If you want to inquire on a voucher bring a copy with you to the workshop.

## BAH RECERTIFICATION

May will kick-off the Basic Allowance for Housing recertification, a mandatory requirement for all Reservists claiming a dependent.

Financial Management will have a workstation set-up in the FM office, Bldg. 1056, Room 207. Reservists will be required to complete Form AF-594 and have originals of any supporting documents (marriage certificate, birth certificate or divorce decree).

We will make a copy of these documents and return them to you.

We are also going to the units to set-up the BAH recertification process. The schedule below shows when we will be at your unit and the location:

**357th AS/OG/OSF** – Saturday, May 3, from 10 a.m. - noon. The location at the 357th will be posted in the unit orderly room.

POC: Lt. Col. Steve Catchings.  
**MXS/MXG/AMXS** – Sunday, June 7, from 8 - 11 a.m. in the MXS conference room.

POC: Maj. Brian Horton.  
**All MSG Units** – Saturday and Sunday, July 12 and 13, from noon - 2 p.m. in the CES training room.

POC: Maj. Michael McDonald.  
All AW and ASTS Reservists can come to FM during May, June, July or August to complete this form.

If you are entitled to the with-dependent rate BAH and do not complete the form, your BAH will be changed to single rate after Nov 14.

Questions can be directed to the FM office by calling Jasmine Shannon, Billy Kidd or Debbie Smith at (334) 953-6722.

### COVER PHOTO:

The newest and 23rd commander of the unit which began as the 908th Troop Carrier Group (now known as the 908th Airlift Wing), Col. Adam B. Willis.

This funded Air Force Reserve Command newspaper is an authorized publication for members of the U.S. military services. Contents of the "Southern Flyer" are not necessarily the official views of or endorsed by the U.S. Government, Department of Defense or the Department of the Air Force. Editorial content of the "Southern Flyer" is edited, prepared and provided by the 908th Airlift Wing Public Affairs Office. All photos are Air Force photos unless otherwise indicated.

We solicit articles, drawings and photographs and reserve the right to edit materials to conform to "Southern Flyer" editorial policies. Because of the printing and mail-out schedule the newspaper goes to press on Friday, two weeks prior to the unit training assembly.

The submission deadline for articles or information is the Monday two weeks prior to the UTA. Send inquiries and submissions to 908AW/PA, 401 W. Maxwell Blvd., Maxwell AFB, AL 36112 or e-mail them to 908aw.pa@maxwell.af.mil. Our phone number is (334) 953-6804 or DSN 493-6804; our fax number is (334) 953-2202 or DSN 493-2202. For information about this schedule, call this office at (334) 953-7874.

Master Sgt. William Mayfield has been named the recipient of the Air 2013 Force Lieutenant General Leo Marquez Award winner in the Aircraft Maintenance Technician category.

## Marquez goes to Mayfield

### Wing maintainer receives Air Force-level accolade

By Tech. Sgt. Jay Ponder  
908th AW Public Affairs

Master Sgt. William Mayfield, an electro-environmental technician with the 908th Maintenance Group, was recently named as the 2013 Air Force Lieutenant General Leo Marquez Award winner in the Aircraft Maintenance Technician category.

This continues a legacy of excellence for 908th maintainers; seven of whom have received this honor.

The award was created to recognize Airmen who excel in their maintenance job. Some of the areas evaluated are job performance, application of knowledge on the job site and workplace efficiency.

“His intense training requirements and strict attention to detail ensures our reservists are properly trained,” said Senior Master Sgt. Keith C. Rollins, 908th AMXS Specialist Flight Chief. “As a maintenance family, we are

all honored in Will’s selection for this award.”

Mayfield is also being recognized for programs he oversees such as hazardous materials, safety and training. He said some of the educational achievements he has accomplished are his completion of the professional manager certification, Course 14 and two associates degrees. Currently, he is on the verge of completing the requirements for two bachelors degrees.

Outside of his regular military duties, Mayfield volunteers his service in the local community, donating his time and energies to Habitat for Humanity, as well as serving as a deputy sheriff.

Mayfield explained how the unit can best make a transition — by learning to embrace change.

“Doing things the old way is no longer accepted,” he said. “You have to go beyond, do your job to the best of your ability and make sure it’s within the scope of the rules and regulations, both in policies and procedures. This is to protect our personnel and our aircraft. You have to do things with safety in mind and by the book.

“It’s a team effort and we won this award together.”

## Program allows home use of office software

By Tech. Sgt. David Montgomery  
908th Comm

As part of a new offering from Microsoft, you are eligible to participate in the Home Use Program (HUP). This program enables any USAF employee with an Email-4-Career (@us.af.mil) e-mail address to get a licensed copy of some Microsoft Office desktop applications to install and use on your home computer.

The current cost is \$9.95 for a downloaded copy or, for an additional charge of \$12, you can receive a back-up disc.

This version of Office Enterprise Edition 2013 includes the newest versions of Word, Excel, PowerPoint, OneNote, Outlook (with Business Contact Manager), Publisher, Access, InfoPath, Lync and the Office Web applications.

Mac operating systems are also supported, so be sure to download the correct version.

For each product eligible for the HUP, of which you are a licensed user with active Software Assurance coverage, you may order a single copy of that product to install and use on a home computer. You may continue using this software while you are under USAF employment, and as long as the software you use at work has active Software Assurance coverage.

To access the Microsoft Home Use Program web site, please follow the steps below:

1. Go to <http://hup.microsoft.com>
2. Select the country to which you wish your order to be shipped

to and choose the language.

3. Enter your Email-4-Career (@us.af.mil) e-mail address and insert the following program code C2C2151EDF

Note: This program code is assigned to the US Air Force for our sole use in accessing the Microsoft Home use site. You may not share this number with anyone outside of the US Air Force.

### FREE Antivirus Software

The DoD Antivirus Software License Agreement with McAfee and Symantec allows active DoD employees to utilize, for free, antivirus software for home use. Home use of the antivirus products will not only protect personal PCs at home, but will also potentially lessen the threat of employees bringing malicious logic into work and compromising DoD networks. DoD military and civilian personnel can download free antivirus software for their home computers from the DoD Patch Repository website. This version of Antivirus needs no codes and does not need yearly renewal.

Note: Contractors and retirees are excluded from using the software at home or on any other system not belonging to the DoD.

Users can first contact the 908th CFP at 953-9703 for a copy of home use antivirus software. If the help desk does not have copies, users may download software from the site below (use the CAC email certificate).

<http://www.disa.mil/Services/Information-Assurance/Antivirus/Home-Use>

## DO YOU KNOW Dental regs for Reservists

By Senior Master Sgt. David Lutza  
908th ASTS

All Reserve members are required to have a dental exam every year. New members are required to have an initial dental exam performed by a military dentist within 90 days of their arrival on base (no later than their third Unit Training Assembly).

For the next two years the member’s civilian dentist is to complete a 2813, which is given to their UHM. Civilian dentists are the ONLY ones who complete a 2813, not military dentists. A military exam is required every third year.

The Reserve Health Readiness Program (RHRP) program is a way to get a member a free dental exam from a civilian dentist within a 50-mile range of the member’s home of record. The program is only for exams and necessary radiographs, not cleanings, restorative work or any dental treatment.

The member must proactively schedule the RHRP exam well ahead of time, because it can take up to a month for the exam results to update. Otherwise, he/she could turn the IMR red.

Here is the contact site for RHRP:

<http://rhrp.fhpr.osd.mil/subnav/usal/servicemember/responsibility.aspx>

Members planning to stay 20 or more years in the Reserve will need a dentist — not just free dental exams. The Tricare dental insurance program is an inexpensive, better way to ensure a member receives routine exams, cleanings, and timely treatment.

Here is the contact site for Tricare:

<http://www.tricare.mil/dental/tdp.aspx>

# Willis assumes command

Formal ceremony officially installs new leader of Alabama's airlift wing

By Gene H. Hughes  
908th AW Public Affairs

Colonel Adam Willis formally assumed command of Alabama's only Air Force Reserve unit in an official ceremony April 6. He has been officially in command since his arrival at Maxwell last month. Before coming to the 908th, Willis was the commander of the 433rd Operations Group at Lackland Air Force Base, Texas.

Brigadier General Curtis L. Williams, vice commander of 22nd Air Force at Dobbins Air Reserve Base, Ga., who presided over the ceremony said having been a longtime member of the airlift community, Willis is the right man for the job.

"Take a look at his background," he said. "He's been flying some big aircraft; C-141s, C-5's C-17s. He checked out in them all. He's been an instructor pilot, a squadron commander and he's also been a group commander. So he comes here ready to go to work."

In attendance were distinguished visitors from Air University, the 42nd Air Base Wing, the Squadron Officer College and the Spaatz Center for Officer Education, as well as local civic leaders and the 908th's group commanders.

Williams thanked the local civic leaders who attended, saying it was indicative of the strong bonds between the wing and the local community.

During his comments, Willis laid out his expectations and vision for the wing during his tenure.

"The 908th Airlift Wing has a proud heritage. It is that heritage that embodies our personnel," he said. "It is our ability to look at ourselves that make us great... the integrity of 'service before self' unfolds before our eyes in all we do. Our integrity is what makes the 908th proud of its heritage and it is our integrity that will lead us forward into history."

Willis replaces Col. Brett Clark, who commanded the 908th from 2008 until last November. Vice Commander Col. Jennie Johnson has been filling the position in the interim.

Colonel Adam Willis recently assumed command of the 908th Airlift Wing. Above, Willis and his wife, Elyse. Below, Willis accepts the unit guidon from Brig. Gen. Curtis Williams, vice commander of the 22nd Air Force.

# Bustlin' Loose

Maintainers celebrate achievements at Knucklebuster event

By Tech. Sgt. Jay Ponder  
908th AW Public Affairs

The 908th Maintenance Group recently recognized their high achievers at the Third Annual Knuckle Buster Banquet at Maxwell Air Force Base, Ala.

Winners represented all three squadrons of the maintenance group.

"The 908th Knucklebuster Award was created to recognize deserving individuals for their contributions to the unit's mission and to acknowledge outstanding accomplishments of individuals within the unit," said Senior Master Sgt. Todd Kern, one of the banquet's master of ceremonies. "The program is designed as a means to

foster morale and camaraderie among unit personnel."

The event's guest speaker, retired Chief Master Sgt. Leslie Morrisette, passed his hard-earned life experiences to the assembly, telling them being in the Air Force, instills certain work ethics.

"Excellence in all we do, that's what we live and breathe," he said.

Maintenance Group Commander Lt. Col. Joe Friday described the group's accomplishments during the past year, especially supporting flying operations for Central Command and here at home. The CENTCOM missions in support of Operation Enduring Freedom featured 507 sor-

ties during the 120-day deployment.

"At home station, these Airmen supported 887 sorties flying 2,495 hours," he said. "Additionally, these Airmen performed 8,292 maintenance actions with 18 percent of the force in upgrade training and only 84 percent full-time staffing."

The highlight of the evening came as the group recognized its very best with the presentation of the Silver Wrench Awards to 38 Airmen.

"These meaningful contributions to the flying mission of the 908th Airlift Wing are a testament of the commitment of the Airmen of the 908th Maintenance Group to meeting the wing's mission," Friday said.

Silver Wrench winners display their awards. Front row: Senior Airmen Lisa Cowart, Jason Gessler, Christopher Cavanaugh, Jacob Koslofsky, Kendall Williams, Giovanni Lewis, and Timothy Hill. Back row: Senior Master Sgt. Robert Reaves, Senior Airman David Smith, Staff Sgt. Christopher White, Technical Sgts. Damion Howell, Larry Bailey and Robert Light; and Senior Airman Kyle Nagamatsu.

# Wing to undergo safety assessment

By Lt. Col. Travis Zimmer  
908th AW Chief of Safety

The recent Air Force Combined Mishap Reduction System (AFC-MRS) survey the 908th Airlift Wing took demonstrated to leadership some areas of safety culture and member concern that might be improved.

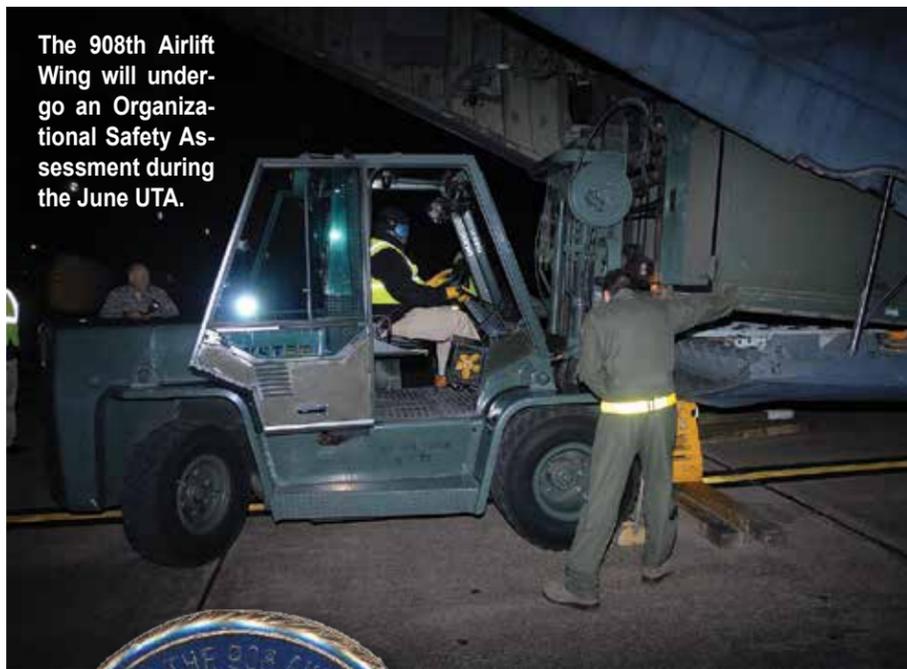

To further clarify the wing's strengths and challenges, Col. Willis has requested the Air Force Safety Center to come to Maxwell during the June Unit Training Assembly to perform an Organizational Safety Assessment (OSA) and provide recommendations for enhancing safety.

The OSA team is usually composed of at least one aerospace psychologist, flight surgeon, pilot, aircraft maintainer, and ground safety NCO.

"The main goal is to provide commanders an assessment of the safety culture within their units in order to build upon existing risk management efforts, ultimately to ensure the protection of their people and resources," OSA Team Chief Dr. Tim Strongin said.

The OSA provides commanders with a feedback loop from a combination of the survey data and on-site interviews. This includes objective information from the written surveys, and subjective information from face-to-face interviews by members of the visiting team, as well as an on-site safety assessment.

Key benefits of the assessment include its ability to identify sources of stress and symptoms of strain in a unit, and to serve as a reliable and consistent measure to establish the effectiveness of individual or unit

The 908th Airlift Wing will undergo an Organizational Safety Assessment during the June UTA.

interventions.

The team will conduct one-on-one interviews with squadron commanders and senior ARTs to develop an understanding of the organization and to show the commander what their Airmen will experience. This often includes several specific questions provided by the wing. The rest are directly related to the safety culture in the organization.

Chiefs and first sergeants will also be interviewed, either in small groups or individually. Further interviews are conducted in mass meetings, divided by rank (Airmen, junior NCOs, se-

nior NCOs, CGOs, and FGOs) and by organization type (maintenance, operations, mission support, etc.).

The interviews are organized and conducted in such a way as to create an environment of frank and honest discussion. No member will be interviewed in the same room as their supervisor. The interviews, like the survey, are non attributional.

At the end of the week, the data will be analyzed and examined. Findings and recommendations are formulated and given during an out-brief to the wing commander. The brief and data become the property of the wing commander to be used locally to improve safety, and ultimately, mission effectiveness.

To view the OSA calendar, interview times and locations by organization and rank, please visit the 908th AW Safety SharePoint site: <https://maxpoint.maxwell.af.mil/sites/tenants/908/AW/SE%20Coin/default.aspx>

Chaplain (Capt.) Matthew Hoshor

Master Sgt. William Mayfield

Technical Sgt. Kimberly Pettway

## Coin of the realm

Vice commander of 22nd Air Force presents coins to six Reservists

908th Public Affairs Office

Six 908th members were selected to receive a coin from Brig. Gen. Williams, vice commander of the 22nd Air Force. The members were:

**Chaplain (Capt.) Matthew Hoshor** (908th AW Staff, Yellow Ribbon Coordinator)—Spends countless hours preparing members for Yellow Ribbon events — holds counseling sessions at the drop of a dime and is heavily involved in the community.

**Master Sgt. William Mayfield** (908th MXG, Electro Environmental Technician) was named as the Air Force-level, 2013 Air Force Lieutenant General Leo Marquez Award winner for the Aircraft Maintenance Technician category.

**Technical Sgt. Kimberly Pettway** (908th OG, Senior Flight Manager) — While deployed to CENTCOM last year, she was NCOIC of the

deployed flight management section. In addition to her regular duties, Pettway has taken on the duties and responsibilities of the Senior Flight Manager here, including Command Support Staff oversight duties.

**Technical Sgt. Lisa Lancaster** (908th MSG, Security Forces Squadron) — Handpicked her to lead the Unit Safety Program, she worked 40-plus hours and rebuilt relationships with the 42nd SFS which resolved long-standing safety write-ups. In addition, she is dedicated to higher education. Her PhD Educational Psychology dissertation is 90 percent complete.

**Technical Sgt. Cody Green** (908th MXG, Metals Technology section of the Fabrication Flight) —

He was instrumental in the fuel leak repairs for Aircraft 0039. He provided the 908th MXG staff, along with AFMC engineering, detailed critical analysis. He helped 908th MXG make the decision to request a Depot Repair Team. Additionally, Green has provided numerous computer products throughout his squadron and the group for various critical programs such as HAZCOM.

**Senior Airman Amber Alexander** (908th ASTS, Medical Technician) — Puts in countless hours tracking Line of Duty cases and Fit For Duty issues. She is also responsible for maintaining UTA medical schedules.

Technical Sgt. Lisa Lancaster

Technical Sgt. Cody Green

Senior Airman Amber Alexander

# Newest wing NCOs to be inducted Saturday, May 3

The 908th Airlift Wing 56'ers Organization will host a NCO Induction Ceremony during the May UTA. The honorees will be the 908th members promoted to staff sergeant during 2013.

The event will take place on Saturday, May 3 at 2 p.m., in Boyd Auditorium. A reception will follow the ceremony. An invitation has been sent to all enlisted and

commanders throughout the wing to help commemorate this special occasion. For all guests planning to attend, the uniform of the day will be acceptable attire.

"We hope to make this a memorable event appropriately recognizing the achievement of

the 908th's newest members to the NCO tier," said Staff Sgt. Earl Dickerson, 56ers president.

## New to the 908th

Staff Sgt. Joseph A. Cates, MXS  
Staff Sgt. Bradley J. Hardin AMXS  
Senior Airman Christopher Ambles, AMXS

Airman Basic Joseph R. Brown, MXS  
Airman Basic Matthew Marshall, MXS  
Airman Basic Cameron D. Smith, LRS

## Preparing to Disembark

Lt. Col. Susan M. Cheatwood, AES

# Wing has several job opportunities open at Maxwell

## Positions range from pilot to historian

The Air Force has announced that it will reduce its active-duty force by approximately 25,000 over the next several years, presenting an opportunity Reserve to capture a wealth of trained, shovel-ready experience.

According to Air Force Reserve Command, its goal is to recruit more than 9,000 new Citizen Airmen in fiscal year 2014.

According to 908th Senior Recruiter Senior Master Sgt. James Ring, the wing has several positions available,

908th Airlift Wing  
401 W. Maxwell Blvd.  
Maxwell AFB AL 36112-6501

Presorted  
First Class  
U.S. Postage  
PAID  
Permit #700  
Montgomery, AL

TO THE FAMILY OF:

ranging from openings for flight crew and maintenance personnel to security force, historian and aerospace medical positions.

Airmen interested in serving in the Air Force Reserve should contact an in-service recruiter to begin the process of finding a position.

The expanded Palace Chase program enables active-duty Airmen to complete the remainder of their active-duty service commitment in the Air Reserve Component.

The listing below is current as of press time, but is subject to change. If you are interested in any of these positions, contact, Senior Master Sgt. James Ring, 908th Senior Recruiter, at (334) 953-6737, or DSN 493-6737.

## 908TH AIRLIFT WING EMPLOYMENT OPPORTUNITIES
